2 Welcome	
All carers were welcomed and informed that it was very relaxed session,	
introductions were completed before moving on to a discussion regarding	g ine
services that the Alzheimer's society offer in Hertfordshire.	
3 What service Hertfordshire Alzheimer's Society offer.	
Melanie Herlihy, Service Manager at the Alzheimer's Society, explained t	that the
Alzheimer's Society in Hertfordshire offer support and services for people	
diagnosis of dementia and their family and carers. There is a team of der	
support workers throughout the county working closely with people in the)
community. The support workers would normally complete home visits of	ffering
advice and information on all aspects of dementia; currently they are offe	erina

One carer mentioned 'Dignity and Dying' which can be found here https://www.dignityindying.org.uk/

Sally to look at arranging this.

Dementia Carers Zoom Forum

17th September 2020

Melanie explained that there is an advanced care plan that is available from HPFT from the Older Peoples Mental Health Team, they can send out the forms regarding this. Advance Care Planning (ACP) is there to help the person you care for make choices about their future care at a time when they have capacity to do so, in case they lose the mental capacity to make decisions for themselves in the future. The records are held on the HPFT database. It is not a legal document but a plan that works alongside the legal Advanced Decision.

Below are links for ACP and Advanced Decision: https://www.hpft.nhs.uk/media/2368/carer-handbook-march-2018.pdf

https://www.nhs.uk/conditions/end-of-life-care/advance-decision-to-refuse-treatment/

A suggestion was to ask Isabel Hospice to attend a forum – Sally to arrange this.

• How can I help my dad care for my mum who does not accept that she has dementia?

It is very common for people to be in denial after diagnosis. There is support available for your dad, even if your mum is in denial. The Alzheimer's Society, Hertswise, Carers in Hertfordshire, and Age UK Hertfordshire can all help you and your dad with information, advice, support, and groups to talk to other carers. It is important to get some things sorted whilst your mum still has capacity, such as Lasting Power of Attorney. Your mum would need to be involved in this and sign the forms, which maybe difficult. It would be a good idea to speak to the Information and Advice line at Age UK Hertfordshire about this and other benefits available.

Alzheimer's Society Hertfordshire call 01707 378365 or visit https://www.alzheimers.org.uk/

Age UK Hertfordshire call 0300 345 3446 or visit https://www.ageuk.org.uk/hertfordshire/our-services/information-and-advice/

Carers in Hertfordshire call 01992 58 69 69 or visit https://www.carersinherts.org.uk/

Hertwise – community services for people with Dementia and their carers: https://hertswise.org.uk/

• What other services might be able to help and support with breaks and things like singing?

The Alzheimer's Society offer singing for the brain on line at https://www.alzheimers.org.uk/get-support/your-support-services/singing-for-the-brain

There is also Herts Musical Memories: https://www.hertsmusicalmemories.org.uk/

Dementia Carers Zoom Forum

17th September 2020

Turning Point also offer a sitting service for carers so that they can get a few hours break. The offer is for 18 hours free. If the service is beneficial to the carer an assessment would be completed by Hertfordshire County Council to commission the service on a regular basis. More information is found on their website: https://www.turning-point.co.uk/

What support is offered by the GP?

You can register as a carer at your GP surgery. This would hopefully enable you to have more flexible appointments and a yearly carers heath check. This heath check could be with a GP or a practise nurse. The person with dementia is also entitled to a yearly check-up. If you are not receiving invitations for these then please ask your surgery (obviously they might be delivering these slightly different now due to the coronavirus).

Regarding medication, the NICE guidelines state that medication should be reviewed every six months, but the normal practise is for a yearly review unless you ask for one every six months. If you are not receiving any of the support that you would like from the GP, then please ask.

5 Closing comments and information

Carers were thanked for attending and invited to attend the next session. Notes of the meeting will be circulated.

The next session will be with discussing **residential care/nursing homes and respite care with commissioners from Hertfordshire County Council**. Please call the office to book a place if you would like to attend on 01992 58 69 69.
